"Best Of... And Then Some"

This album consists of a bank of some of my favorite Voices from previous releases, plus three banks of brand new Voices. The new Voices cover the range of Keys, Guitars, Basses, Horns, Strings, Synths, and Pads.

All Voices have a full set of controller routings, so don't forget to press the Aftertouch, bend the Mod Wheels and Ribbon, and twirl the Knobs! Each Voice also has two Scenes stored within; many of these Scenes are really Voices unto themselves, so don't miss these, either.

Enjoy!
